City Council  
Larry Dorr, Deputy City Manager & Chief  
Financial Officer & Finance Director  
City of Westminster, Colorado  
4800 West 92<sup>nd</sup> Avenue  
Westminster, Colorado 80031

We appreciate your selection of **FORVIS, LLP** as your service provider and are pleased to confirm the arrangements of our engagement in this contract.

In addition to the terms set forth in this contract, including the detailed **Scope of Services**, our engagement is governed by the following, incorporated fully by this reference:

- Professional Financial Auditing Services Agreement dated November 1, 2020 ("Agreement")
- Terms and Conditions Addendum

This engagement letter supplements the Agreement in place between the parties. If any portion of this engagement letter conflicts with the Agreement, the Agreement shall control.

## Summary Scope of Services

As described in the attached **Scope of Services**, our services will include the following:

- City of Westminster, Colorado
- Audit Services for the year ended December 31, 2022

You agree to assume full responsibility for the substantive outcomes of the contracted services and for any other services we may provide, including any findings that may result.

You also acknowledge these services are adequate for your purposes, and you will establish and monitor the performance of these services to ensure they meet management's objectives. All decisions involving management responsibilities related to these services will be made by you, and you accept full responsibility for such decisions.

We understand you have designated a management-level individual(s) to be responsible and accountable for overseeing the performance of nonattest services, and you have determined this individual is qualified to conduct such oversight.

## Engagement Fees

The fee for our services as outlined in Appendix C of the Agreement will be \$80,055. This fee includes the testing of one major single audit program. Any additional programs will be billed at \$7,000 per program.

Our estimate of time assumes no substantial problems with obtaining the information necessary to complete the audit.

Our timely completion of services and the fees thereon depends on the assistance you provide us in accumulating information and responding to our inquiries. Inaccuracies or delays in providing this information or the responses may result in additional billings, untimely filings or inability to meet other deadlines.

### **Assistance with New Standards**

Assistance and additional time as a result of the adoption of the following new standards are not included within our standard engagement fees. These fees will be based on time expended and will vary based on the level of assistance and procedures required. The expected cost related to implementation of standards, exclusive of GASB 87, is a minimum of \$5,400.

**Governmental Accounting Standards Board Statement No. 87, Leases**, is effective for 2022.

Statement No. 87 establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources. We can assist you with the adoption by providing services which may include, but are not limited to:

- Assessing your readiness by assisting with the evaluation of your:
  - Current controls and policies
  - Current internal resources and system capabilities
- Assisting with changes required to adopt Statement No. 87, including:
  - Assisting with information gathering to develop an inventory of all lease agreements, service contracts, and other arrangements that may contain right-to-use lease assets
  - Recommending enhancements to existing controls and policies or suggesting new controls and policies to address Statement No. 87
  - Documenting any changes from your previous lease recognition and reporting methods
  - Drafting the required disclosures

The time it will take to perform the above assistance and our additional audit procedures relating to the adoption of the Statement, and any time to assist you with the adoption, may be minimized to the extent your personnel will be available to provide timely and accurate documentation and information as requested by us.

### **Additional Costs Related to COVID-19**

Our fees do not consider additional efforts driven by the SARS-CoV-2 virus and the related COVID-19 (COVID-19) environment. Complexities and uncertainties related to various provisions of new laws and the continued issuance of interpretative and procedural guidance from federal agencies may affect our services. Fees related to COVID-19 activities will be billed based on time expended. Additional efforts or services may include:

- Accounting and auditing issues such as collectability of receivables, inventory valuation, compliance with debt agreements, modifications of lease terms, additional major programs subject to Single Audit, etc.

DATE 1/19/2023

## Scope of Services – Audit Services

We will audit the governmental activities, the business-type activities, major fund, and the aggregate remaining fund information and related disclosures, which collectively comprise the basic financial statements for the following entity:

- City of Westminster, Colorado as of and for the year ended December 31, 2022

The audit has the following broad objectives:

- Obtaining reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error
- Expressing an opinion on the financial statements
- Issuing a report on your internal control over financial reporting and compliance and other matters based on the audit of your financial statements in accordance with *Government Auditing Standards*
- Expressing an opinion on your compliance with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect to each of your major federal award programs in accordance with the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance)
- Issuing a report on your internal control over compliance in accordance with the Uniform Guidance
- Issuing a report on your schedule of expenditures of federal awards

You have informed us that the audited financial statements are expected to be presented along with management's comprehensive annual financial report. Management is responsible for the other information included in the comprehensive annual financial report. The other information comprises the comprehensive annual financial report but does not include the financial statements and our auditor's report thereon. Our opinion on the financial statements will not cover the other information, and we will not express an opinion or any form of assurance thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the financial statements, or whether the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

We will also express an opinion on whether the combining and individual fund statements and schedules and other supplementary information listed in the table of contents ("supplementary information") is fairly stated, in all material respects, in relation to the financial statements as a whole.

We will complete the auditee portion of the Form SF-SAC (Data Collection Form) through the Federal Audit Clearinghouse. We will not make the submission on your behalf. You will review a draft(s) of the submission prior to transmission and agree that you are solely responsible for approving the final draft for transmission as well as for the auditee submission and certification

You agree to assume all management responsibilities and to oversee the non-attest services we will provide by designating an individual possessing suitable skill, knowledge and/or experience. You acknowledge that non-attest services are not covered under *Government Auditing Standards*. You are responsible for:

- Making all management decisions and performing all management functions;
- Evaluating the adequacy and results of the services performed;
- Accepting responsibility for the results of such services; and
- Designing, implementing, and maintaining internal controls, including monitoring ongoing activities.

Marcella Ardan will serve as the Engagement Quality Reviewer. Karmyn Jeffries, Director, is responsible for supervising the engagement team and authorizing the signing of reports.

We will issue a written report(s) upon completion of our audit(s), addressed to the following parties:

**Entity Name**

City of Westminster, Colorado

**Party Name**

Honorable Mayor and members of the City Council

You are responsible to distribute our reports to other officials who have legal oversight authority or those responsible for acting on audit findings and recommendations, and to others authorized to receive such reports.

The following apply for the audit services described above:

**Our  
Responsibilities**

We will conduct our audit in accordance with auditing standards generally accepted in the United States of America (GAAS), the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the Uniform Guidance. Those standards require that we plan and perform:

- The audit of the financial statements to obtain reasonable rather than absolute assurance about whether the financial statements are free of material misstatement, whether caused by fraud or error
- The audit of compliance to obtain reasonable rather than absolute assurance about whether the entity complied with the types of compliance requirements described in the OMB Compliance Supplement that could have a direct and material effect on each major federal award program

We will exercise professional judgment and maintain professional skepticism throughout the audit.

We will identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.

We will obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances.

We will evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We will also conclude, based on audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the entity's ability to continue as a going concern for a reasonable period of time.

We will identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the entity's compliance with compliance requirements subject to audit and

performing such other procedures as the auditor considers necessary in the circumstances.

We will obtain an understanding of the entity's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance, regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that the auditor identified during the audit.

## **Limitations & Fraud**

Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit that is planned and conducted in accordance with GAAS will always detect a material misstatement or material noncompliance with federal award programs when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if, there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements. Our responsibility as auditors is limited to the period covered by our audit and does not extend to any later periods for which we are not engaged as auditors.

The risk of not detecting a material misstatement or material noncompliance resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with compliance requirements is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the entity's compliance with the requirements of the federal programs as a whole.

Our understanding of internal control is not for the purpose of expressing an opinion on the effectiveness of your internal control. However, we will communicate to you in writing any significant deficiencies or material weaknesses in internal control relevant to the audit of the financial statements that we identify during the audit.

We are available to perform additional procedures with regard to fraud detection and prevention at your request, subject to completion of our normal engagement acceptance procedures. The actual terms and fees of such an engagement would be documented in a separate contract to be signed by you and FORVIS, LLP.

## **Opinion**

Circumstances may arise in which our report may differ from its expected form and content based on the results of our audit. Depending on the nature of these circumstances, it may be necessary for us to modify our opinion, add an emphasis-of-matter paragraph or other-matter paragraph(s) to our auditor's report, or if necessary, decline to express an opinion or withdraw from the engagement.

If we discover conditions that may prohibit us from issuing a standard report, we will notify you. In such circumstances, further arrangements may be necessary to continue our engagement.

## **Your Responsibilities**

Management and, if applicable, those charged with governance acknowledge and understand their responsibility for the accuracy and completeness of all information provided and for the following:

- **Audit Support** - to provide us with:
  - Unrestricted access to persons within the entity or within components of the entity (including management, those charged with governance and component auditors) from whom we determine it necessary to obtain audit evidence
  - Information of which you are aware that is relevant to the preparation and fair presentation of the financial statements, including access to information relevant to disclosures
  - Information about events occurring or facts discovered subsequent to the date of the financial statements, of which management may become aware, that may affect the financial statements
  - Information about any known or suspected fraud affecting the entity involving management, employees with significant role in internal control and others where fraud could have a material effect on the financials
  - Identification and provision of report copies of previous audits, attestation engagements, or other studies that directly relate to the objectives of the audit, including whether related recommendations have been implemented
  - Additional information that we may request for the purpose of the audit
- **Internal Control and Compliance** – for the:
  - Design, implementation, and maintenance of internal control relevant to compliance with laws and regulations and the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error,
  - Alignment of internal control to ensure that appropriate goals and objectives are met, that management and financial information is reliable and properly reported and that compliance with and identification of the laws, regulations, contracts, grants or agreements (including any federal award programs) applicable to the entity's activities is achieved
  - Remedy, through timely and appropriate steps, of fraud and noncompliance with provisions of laws, regulations, contracts or other agreements reported by the auditor
  - Establishment and maintenance of processes to track the status and address findings and recommendations of auditors
- **Accounting and Reporting** – for the:
  - Maintenance of adequate records, selection and application of accounting principles, and the safeguard of assets
  - Adjustment of the financial statements to correct material misstatements and confirmation to us in the representation letter that the effects of any uncorrected misstatements aggregated by us are immaterial, both individually and in the aggregate, to the financial statements taken as a whole
  - Preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America (or other basis if indicated in the contract)

- Inclusion of the auditors' report in any document containing financial statements that indicates that such financial statements have been audited by us
- Distribution of audit reports to any necessary parties

The results of our tests of compliance and internal control over financial reporting performed in connection with our audit of the financial statements may not fully meet the reasonable needs of report users. Management is responsible for obtaining audits, examinations, agreed-upon procedures, or other engagements that satisfy relevant legal, regulatory, or contractual requirements or fully meet other reasonable user needs.

### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America provide for certain required supplementary information ("RSI") to accompany the basic financial statements. We understand the following RSI will accompany the basic financial statements:

1. Management's Discussion and Analysis ("MD&A")
2. Budgetary comparison
3. Pension and Other Postemployment Benefit information

Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

Management is responsible for the fair presentation of the RSI. As part of our engagement, we will apply certain limited procedures to the RSI in GAAS. These limited procedures will consist of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements.

We will not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

### **Supplementary Information**

With regard to any supplementary information that we are engaged to report on:

- Management is responsible for its preparation in accordance with applicable criteria
- Management will provide certain written representations regarding the supplementary information at the conclusion of our engagement
- Management will include our report on this supplementary information in any document that contains this supplementary information and indicates we have reported on the supplementary information
- Management will make the supplementary information readily available to intended users if it is not presented with the audited financial statements

Such information is:

- Presented for the purpose of additional analysis of the financial statements
- Not a required part of the financial statements
- The responsibility of management

- Subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS

**Written  
Confirmations  
Required**

As part of our audit process, we will request from management and, if applicable, those charged with governance written confirmation acknowledging certain responsibilities outlined in this contract and confirming:

- The availability of this information
- Certain representations made during the audit for all periods presented
- The effects of any uncorrected misstatements, if any, resulting from errors or fraud aggregated by us during the current engagement and pertaining to the latest period presented are immaterial, both individually and in the aggregate, to the financial statements taken as a whole

**Peer Review  
Report**

*Government Auditing Standards* require that we provide you with a copy of our most recent external peer review report and any letter of comment, and any subsequent peer review reports and letters of comment received during the period of the engagement letter. Our most recent peer review report accompanies this engagement letter.

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at [www.aicpa.org/prsummary](http://www.aicpa.org/prsummary).
