**Policy Issue(s):**

Should City Council proclaim May as Older Americans Month?

**Alternative(s):**

City Council could not proclaim the month of May as Older Americans Month. This is not recommended because older Americans are a growing population who contribute their time, wisdom, and experience to the community.

**Background Information:**

In 1963, President John F. Kennedy and members of the National Council of Senior Citizens met to address the growing concerns of America's 17 million individuals ages 65 and older. At the time, one-third of all seniors lived in poverty with few social programs available to help support them. Two years later, in 1965, President Lyndon B. Johnson passed the Older Americans Act of 1965 and formally declared May as Older Americans Month. Johnson took Kennedy's proclamation and intentions a step further by taking action that resulted in positive change, financial assistance, and federal support for older Americans.

The theme for Older Americans Month 2025 is Flip the Script on Aging. Individuals and communities are encouraged to challenge stereotypes and dispel misconceptions surrounding aging. Older Americans Month is an opportunity to honor older adults' contributions, explore opportunities for staying engaged as we age, and highlight the opportunities for purpose, exploration, and connection that come with aging.

The Seniors Resource Center (SRC) is a community partner with the mission of helping older adults stay safe, healthy, and independent in their homes. SRC helps area seniors live a rich and rewarding life while remaining independent. They provide vital services, including the Adult Day Program, in-home care, chores services, and much more.

The City's Strategic Plan priorities of Community Empowerment and Engagement and Community Health and Safety are met by celebrating older Americans, supporting services and engagement opportunities, and recognizing the many contributions of older Americans.

Respectfully submitted,

Jody L. Andrews  
City Manager
