Background Information:

Certificate of Achievement for Excellence in Financial Reporting Award

The City has been awarded the GFOA Certificate of Achievement for Excellence in Financial Reporting Award for the 2021 ACFR. This marks the 39th consecutive year that the City has received this prestigious award, the highest form of recognition in governmental accounting and financial reporting.

To satisfy the requirements of the Certificate program, the ACFR must be easy to read and understand based on a defined reporting framework that incorporates relevant Generally Accepted Accounting Principles and applicable GFOA program policies. Additionally, the information must be reliable as indicated with an unqualified opinion by the City's independent financial auditor.

ACFR reports qualifying for the Certificate of Achievement provide a clear and complete financial story to be utilized by governing boards, oversight groups, investors, creditors, and the public. Westminster's annual report provides accountability for the financial operations and position of the City.

The City of Westminster's report was evaluated by GFOA's special review committee comprised of government finance officers, independent CPAs, educators, and others with expertise in governmental accounting and financial reporting from across the nation. The award acknowledges that Westminster fulfills the spirit of full disclosure in communicating its financial story.

Distinguished Budget Presentation Award

The City was also conferred the GFOA Distinguished Budget Presentation Award for the 2023 Budget document. This marks the third consecutive year of the City receiving this award, the highest form of recognition in governmental budgeting.

The award included special recognition for the City's presentation of Strategic Goals and Strategies in the 2023 Budget Document (only 23 organizations received this award in 2022).

In order to receive the budget award, the budget document must satisfy nationally recognized guidelines for effective budget presentation. These guidelines are designed to assess how well an entity's budget serves as:

- a policy document
- a financial plan
- an operations guide
- a communications device

The Distinguished Budget Document Award reflects City Council and Staff's commitment to the highest principles of governmental budgeting.
